

## DYNAMICS 365 SENIOR FINANCE CONSULTANT

Job Status: Full Time/Contract

Job Location: Orlando, FL. or Remote

Axtegrity Consulting is currently seeking a Microsoft Dynamics D365 Finance & Operations Senior Consultant for our Consulting practice.

### Job Overview

The D365 Senior Finance Consultant position is responsible for providing functional guidance on customer implementations, upgrades, and support of Dynamics 365 Finance and Operations and AX (D365/AX). Working in partnership with Axtegrity's Delivery & Support team, the Senior Consultant will be responsible for gathering business requirements, fit/gap analysis findings, functional design documents, test scripts, training documents, and progress updates throughout implementation lifecycle. Additionally, this position will assist in pre-sales/marketing activities such as blogs, videos, and webinars.

You will require business and application expertise in Microsoft Dynamics 365/AX Finance functionality including General Ledger, Accounts Receivable, Accounts Payable, Cash and Bank, Budgeting, and Fixed Assets. The qualified candidate is expected to fill the role as a subject matter expert on one or multiple projects in analysis, configuration, and testing of Dynamics 365/AX modules. Acting as a solution advisor and establishing client relations is vital to the role. Additionally, the right candidate will be an individual with strong attention to detail in business process improvements and the ability to see the big picture.

### Required Skills & Experience

- Minimum of three years relevant experience as a Functional Lead consultant with Microsoft Dynamics D365 F&O implementation and upgrade experience with strong client services orientation and accustomed to taking an active role in executing projects
- Minimum of three full life cycle implementations with Microsoft Dynamics D365 F&O as a Functional Lead or Architect with a solid knowledge in LCS, VSTS, and Azure platform
- Bachelor's degree in an appropriate field from an accredited college/university
- Experience participating in functional design, configuration and process alignment with a detailed understanding of Financial System concepts and general module functionality
- Experience configuring D365 Finance using spreadsheets
- Thorough understanding of Finance & Operations processes and best practices with a strong knowledge of recommended ISV's and how to include in project implementations
- Ability to travel up to 25%
- Possess excellent communication and presentation skills.
- Applicants must be currently authorized to work in the United States without the need for visa sponsorship now or in the future.

## Preferred Skills and Experience

- Strong and proven experience of implementing Microsoft Dynamics AX/Dynamics 365 with at least 4 end to end implementations
- Experience and knowledge of Cost Accounting in particular with Manufacturing
- Current certification a plus or the ability to obtain

Salary: \$105,000 to \$135,000

This is a Full Time position.
