MICROSOFT DYNAMICS BUSINESS CENTRAL FINANCIALS

BASIC GUIDANCE SERVICES

The landscape of consulting is changing significantly. Customers are less interested in services and more interested in solutions. At Axtegrity Consulting, our philosophy is quite simple, perfect a solution and deliver it to the marketplace quickly and reliably, eliminating unnecessary costs.

For clients that want to handle the entire implementation on their own with limited guidance from Axtegrity, we're able to offer our Business Central Basic Guidance Services at a fixed cost of **\$1,500.00**. The project duration is estimated at 1 week after project kick-off.

Included in the Business Central Basic Guidance Services are the following deliverables:

- Activate and provision Dynamics 365 Business Central environment (D365)
- Create 1 Test company & 1 Production company
- Provide configuration checklist
- Provide data import templates for importing Chart of Accounts, Customers, and Vendors. Data import & validation will be done by client.
- 2 hours remote training session covering basic GL, AP, AR & Financial Statements

Not included in the Business Central Basic Guidance Services are the following:

- 3rd Party integrations
- Customizations
- Historical data migration
- Distribution (inventory & non-inventory items, Lot & serial number tracking, Purchase orders/receiving, Warehousing, Costing, Lot tracking/serialization)
- Jobs & Project Costing
- Manufacturing

Benefits of our Business Central Basic Guidance Services:

- Rapid Deployment
- Predictable Costs
- Client moves at your own pace
